To Whom It May Concern:

I am writing to express my enthusiastic support for the charter school application submitted by ThrivePoint High School Nevada. As a resident of Las Vegas, I believe students and parents deserve access to a quality education. I believe that ThrivePoint High School Nevada will be a valuable addition to the educational landscape of Nevada, and will provide students with an exceptional learning experience.

One of the key strengths of ThrivePoint High School Nevada is its commitment to personalized learning. The school's approach is grounded in research-based practices that have been shown to enhance student achievement and promote a lifelong love of learning. ThrivePoint High School Nevada recognizes that each student has unique strengths, interests, and learning styles, and the school's approach is designed to meet the individual needs of each student.

Looking at the ThrivePoint High School Arizona model, the school's curriculum is rigorous and challenging, and it is aligned with recognized standards for career and college readiness. ThrivePoint High School Nevada offers a wide range of courses, including advanced placement (AP) courses and dual enrollment programs. Students have the opportunity to earn college credit while still in high school, giving them a head start on their academic and career goals.

In addition to its academic program, ThrivePoint High School Nevada also plans to offer a variety of extracurricular activities and community service opportunities. Students will be able to participate in sports, clubs, and organizations that reflect their interests and passions, and they can give back to their community through volunteer work and service projects.

Overall, I believe that ThrivePoint High School Nevada has the potential to be a model charter school that will serve as a beacon of educational excellence for Nevada and beyond. I urge you to approve the school's charter application, and I look forward to seeing the school's students thrive and succeed.

Sincerely,

Richard Hutchins
