

2024-2025 Assessment & Testing Calendar

Benchmark Assessments: ThrivePoint is continuing its implementation of Edmentum as the benchmark assessment system in SY24-25. All students will be assessed in reading and math at the beginning of the school year or in the week of a new enrollment. Each student is expected to benchmark during the second and final window.

Data from these benchmark assessments will be shared with the ThrivePoints instructional team to develop a plan to meet the needs of each student and to help them improve their skills and abilities. Students will do better in their classes and on other tests (whether class related or state mandated). The Edmentum benchmark seamlessly creates an individualized learning path based on assessment results.

Online students are encouraged to ThrivePoint Academy campus for the benchmark assessment. **Students are required to test in person at ThrivePoint Academy campus. for ACT, WIDA, SBAC, NAA.**

ThrivePoint asks parents/an adult family member to “proctor” the Edmentum benchmark assessment. They (parents/adult family members) will be asked to fill out a Google form for each of the assessments proctored. Access to Edmentum will be made available the second week of the school year.

State Mandated Testing: As a Nevada public charter school, all of our students are required to participate in state-mandated testing designated for their cohort grade level.

Contact Information: Please contact our school counselor if you have any questions regarding any assessment.
